

NEW WINTER TRIP FOR CLASSIC CARS

Are you a classic car enthusiast?

A mythical drive is aimed at you: **LA CROISIÈRE BLANCHE HISTORIC** for old vehicles.

It will be a truly winter adventure, with no speed or competitions. It will be open to all pre-war and post war vehicles up to 1980: cars, motorcycles, and sidecars.

You will be guided through picturesque snow covered scenery in the Southern Alps **from Tuesday 25th to Friday 28th January 2011.**

Our fifty strong team will be on hand to help you over the four days. A printed itinerary (a road book) will be provided. The prologue will be in an unspoiled valley (le Vaulgaudemar) followed by three trips criss crossing the region from North to South and East to West passing through Briançon, Orcières, the dam at Serre Ponçon, Devoluy and Notre Dame de la Salette with its famous 15 km climb.

We shall also be visiting le Château de Picomtal, the abbey at Boscodon, Vauban's Citadelle at Briançon (a world heritage centre) but will also be relaxing at the casino or in the spas at Monetier.

For those who are particularly adept on the ice, two stages are envisaged at Orcières and Serre Chevalier.

We hope to welcome many of you to the majestic mountain scenery of the Southern Alps. The locals are looking forward to meeting you!
